

## ANNOUNCEMENT

For Immediate Release

March 2009

**CCSA and Capella Telecommunications Inc. are pleased to announce the completion of a Bulk Purchase Master Agreement for Motorola set-top boxes and headend equipment.**

“On behalf of our membership, CCSA is pleased to announce this agreement with Capella Telecommunications for the supply of Motorola set-top boxes and headend equipment. Capella continues to provide value to our members with competitively priced products and excellent support,” says Alyson Townsend, CCSA President & CEO.

CCSA is the voice and vision of Canada’s independent cable companies. CCSA connects over 95 independent cable operators (its members) and their subscribers with programming and equipment. A strong, unified voice has become vital as communications technologies converge.

“As competition in the video service industry continues to increase,” says Norm Slater, President of Capella, “cable operators require advanced technologies for delivering a superior digital viewing experience and exciting new applications. Motorola’s set-tops provide one more way Capella can help CCSA members expand their current digital video offerings while introducing new services to their customer base.”

Capella Telecommunications Inc. distributes a full line of leading edge equipment for fully integrated video, voice and data solutions. Its focus on customer service and tailoring products to meet customers’ specific needs has made the Canadian company a leader in the communications industry.
